NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Whether we like it or not it appears that we will soon be faced with another increase in the State Sales Tax. This seems to be the direction our lawmakers in Austin are headed.

The Governor wants a half-cent increase and others want a one-cent increase. On the face of it we wonder about the half-cent increase but suppose that since we have to divide the tax out over a dollar the half-cent would not be as confusing as it first seems.

An increase in this direction would mean that in most cities in Texas the tax would be from 4 1/2¢ to 5¢ on the dollar which is getting pretty high. But the problem seems to be one of what do you tax if you do not increase the sales tax.

Some of the exemptions could be removed but it seems that just about everyone is opposed to taking the tax off of groceries and apparently this would not raise the money that will be needed.

While we do not have any figures on it, we wonder if the plan proposed early by the then Gov. John Connally to go to a state-wide one-cent city sales tax with the state getting the money not going to the cities, coupled with the eliminations of most exemptions would not come up with enough money.

This would solve two problems—it would hold the tax to the same level it is now for most Texans and at the same time take care of the situation that exists where stores just outside city limits are one-cent cheaper than those inside.

It seems that we are past the point of deciding whether or not the state will increase spending, and now it is just a matter of how do we raise the money.

We are opposed to one point in the Governor's plan. He wants an increase in the gasoline tax with the money going into the general revenue fund. We feel that any money raised by gasoline taxes should be spent on highways.

One thing that always bothers us about the way our legislative branch seems to work in Austin. Both the house and the senate labor over an appropriation bill and a spending bill then five senators and five house members get together and write what sometimes seems like all new bills. Wouldn't it be cheaper in the long run if we just elected five to each house to start with?

We understand that there are times when a small group can accomplish what a large group can never do but at the same time we question the wisdom of giving this small group as much power as they seem to have. For some reason they always seem to take care of their own pet interests regardless of the need of the state as a whole.

The following little tidbits come from the monthly newsletter of the Texas Good Roads Association. "Men are worse litterbugs than women, 2 to 1, and the crowd between 21 and 35 is the worst of all. This tidbit comes from a Marriott Hotel sheet, which also reports that it costs New Yorkers more to dispose of the Sunday Times than it does to buy the paper. . . Harris County (Houston) now has a registered motor vehicle for each 1.65 persons, and they all want to drive at once."

From this same newsletter we were surprised to learn that there are more miles of Farm and Ranch Roads than there are U.S. and State Highways in Texas. This includes the Interstate system. There are 37,300 miles of FR Roads and 32,940 miles of regular highways, including Frontage Roads.

Strangely enough, there are 40,770 miles of city streets in Texas. By far the largest group of roads in the state are county roads of which there are 137,600 miles.

Gorman Railroad Firm Purchases Stamford-Rotan Katy Line

Stamford — Texas Central Enterprises of Gorman has bought the Katy Railroad from Stamford to Rotan — a distance of 43 miles. The contract is subject to approval of the Interstate Commerce Commission but no opposition is anticipated.

No action is expected for several months. In the meantime, no change will be made, according to Melvin Shell of Gorman, chairman of the board of Texas Central Enterprises which operate the "Peanut Line" from Gorman

to Dublin, a part of the old Texas Central Railroad which ran from Rotan to Waco.

When the Katy decided to abandon the line from Stamford to Waco, a group of business men in the Dublin-Gorman area bought the tracks in that community and have continued to operate a freight service with a passenger train once a week. All track between Gorman and Stamford has been taken up.

At a meeting of directors of Texas Central Enterprises in Gorman this week, it was reported the firm made a slight profit last year. The line connects with the Santa Fe Railroad at Dublin.

At the meeting, Mr. Shell pointed out to the directors that the Stamford-Rotan line serves a rich agricultural area, with two plasterboard plants, three oil mills, two cotton compresses, as well as many farm equipment dealers.

Mr. Shell told the Stamford American Tuesday that they hoped to maintain a first class line. "We want the business and will put the line in shape to handle it."

The company presently owns one locomotive but they plan to buy three more. Two of them will be attached at Stamford. Although eventually a company official will be located in Stamford, no action along this line will be taken until approval of the contract has been received. The Katy railroad will continue to operate the line until that time.

Mr. Shell said all of the line would be kept in operation and he asserted there was no truth in the speculation that the tracks from Stamford to Hamlin would be abandoned and the line connect at Ham-

lin with the Santa Fe. "We will continue to use the Burlington tracks out of Stamford as is being done at present."

Asked about a possible passenger train similar to the Goobar Special, Mr. Shell said that might come later. The "Goobar Special" operates between DeLeon and Dublin and hauled 1,927 passengers last year, operating on weekends only.

A revival at North Central Avenue Baptist Church will be held Aug. 11-17, announces the pastor, Rev. Harold D. Fleming. Rev. A. R. Posey, pastor of Immanuel Baptist Church in Abilene will be the evangelist.

Services will be held daily at 9:45 a.m. and 7:30 p.m.

Rev. Posey, a native Texan was graduated from Hardin Simmons University in Abilene and Southwestern Theological Seminary in Ft. Worth.

Before going to the Abilene church in 1968, he pastored the First Baptist Church in Hamlin, and churches in Chilli-cothe, Big Spring, Temple, Okla., and more recently in the northwest at Richland, Wash., and Sweet Home, Ore.

A native of Abilene, Mitchell has served Broadview and Hamby churches in Abilene and has spent some six years in evangelistic singing. A graduate of Abilene High School, he attended H-SU and now serves as general manager of the Ford Agency in Stamford.

City-Wide Revival Now In Progress

An estimated 1000 persons sat under threatening skies Sunday evening for the first service of the City-Wide Revival being conducted by the Ed Robb Evangelistic Team at Pied Piper Stadium.

Rev. Robb's message was cut short when rain started to fall. The rain lasted only a short time after the service was dismissed and only .02 inches of moisture was recorded.

The crowd Monday night was dampened somewhat by a trace of rain, but the service was not disrupted. Some 800 were estimated at the second evening service when the choir and chairs on the football field were filled.

The City-Wide revival, an effort of a large group of ministers and laymen in Hamlin, will continue through Sunday evening. Services are being held at 10 a.m. in the high school cafeteria and at 8 p.m. in the football stadium. Only the evening service will be held Saturday.

Special emphasis will be given the youth this evening (Thursday). Youth Night has been designated for the service and a fellowship in the high school cafeteria has been planned.

Friday evening has been set as Family Night. Subject of the message will be "Where Are Your Children?"

The evangelist team for the local service includes Rev. Ed Robb, former pastor of the First Methodist Church here, Gene Moore, singer, and his wife, Bobbie, singer and pianist, and Mrs. Bill (Dee) Williams of Dimmitt, organist.

This is Mrs. Williams' first time to play for an evangelistic meeting, although she has played for all three of the Moores' record albums. She will also accompany the team to Borger for an area-wide crusade there Aug. 24-31.

The choir of upwards of 100 voices is made up of singers from all participating churches.

Special music is being presented by the choir and special numbers by Mr. and Mrs. Moore feature some of the selections from their albums.

Rev. Robb led in crusades in Japan and Indonesia this past year and preached for 20 evangelistic meetings in this country. July engagements included an area-wide crusade in Gruver and a camp meeting at Lake Webster, Kansas.

Everyone is cordially invited to attend the services. Chairs have been placed on the football field for those who are unable to go into the stands. Transportation will be provided to both the morning services and the evening services by calling one of the ministers or layworkers.

Ministers who have actively participated in the crusade are Marshall Stewart, Cecil Hardaway, Harold D. Fleming, Max L. Brown, Gerrie Hensley, Robert Ledbetter, Da-

Light Vote Turnout Here On Amendments

Voters who cast their ballots in Hamlin Tuesday expressed their desires on the constitutional amendments, differing greatly with the statewide trend. The only amendment voted down locally was the pay increase for legislators.

Over the state most issues were turned down that would cost the taxpayers money, with the exception of increase in welfare assistance.

With incomplete tabulations, it looked like the Texas Water Plan was to suffer defeat; legislators were denied their second request for a pay raise and a second effort in three years to gain approval of annual legislative sessions was turned down.

Hamlin voters went for constitutional deletions, 129-70; for water plan bonds, 159-52; against legislators pay hikes, 150-56; for water tax exemptions, 131-67; for welfare ceiling increase, 142-66; for the end of state bond in-

terest ceiling, 115-83; for state employees' survivors aid, 150-56; for expansion of student loan plan, 144-65; for annual legislative sessions, 107-98.

Statewide at 11:15 p.m. Tuesday the Texas Election Bureau had the following tabulations from 249 of the 254 counties with 187 complete:

Constitutional deletions: for 312,336, against 252,794.

Water plan bonds: for 285, 524, against 297,273.

Legislators pay hikes: for 192,092, against 378,218.

Water tax exemptions: for 259,971, against 299,675.

Welfare ceiling increase: for 399,449, against 215,454.

End state bond interest ceiling: for 263,044, against 389,457.

State employees' survivors aid: for 368,611, against 204, 180.

Expand student loan plan: for 350,910, against 228,895.

Annual legislative session: for 247,105, against 310,148.

White seed pearls trellised from the high antique collar. Pearls were repeated on the bodice and waistline, enhanced by tiny Dior bows. Her mantilla of Alencon lace and illusion was attached to a pillbox of illusion and extended to cathedral length. She carried white cattleya orchids with garlands of stephanotis and pearls and lace.

Attendants wore identical Victorian style dresses in dandelion yellow dotted organza with stand up necklines and long full sleeves. The fitted bodice had a butterfly bow in the back with streamers that fell to the hemline. Daisies on taffeta bows formed their headpieces for veils that

fell to the shoulder. They carried white cascade bouquets of marguerite daisies.

The Marvels of God's Creations

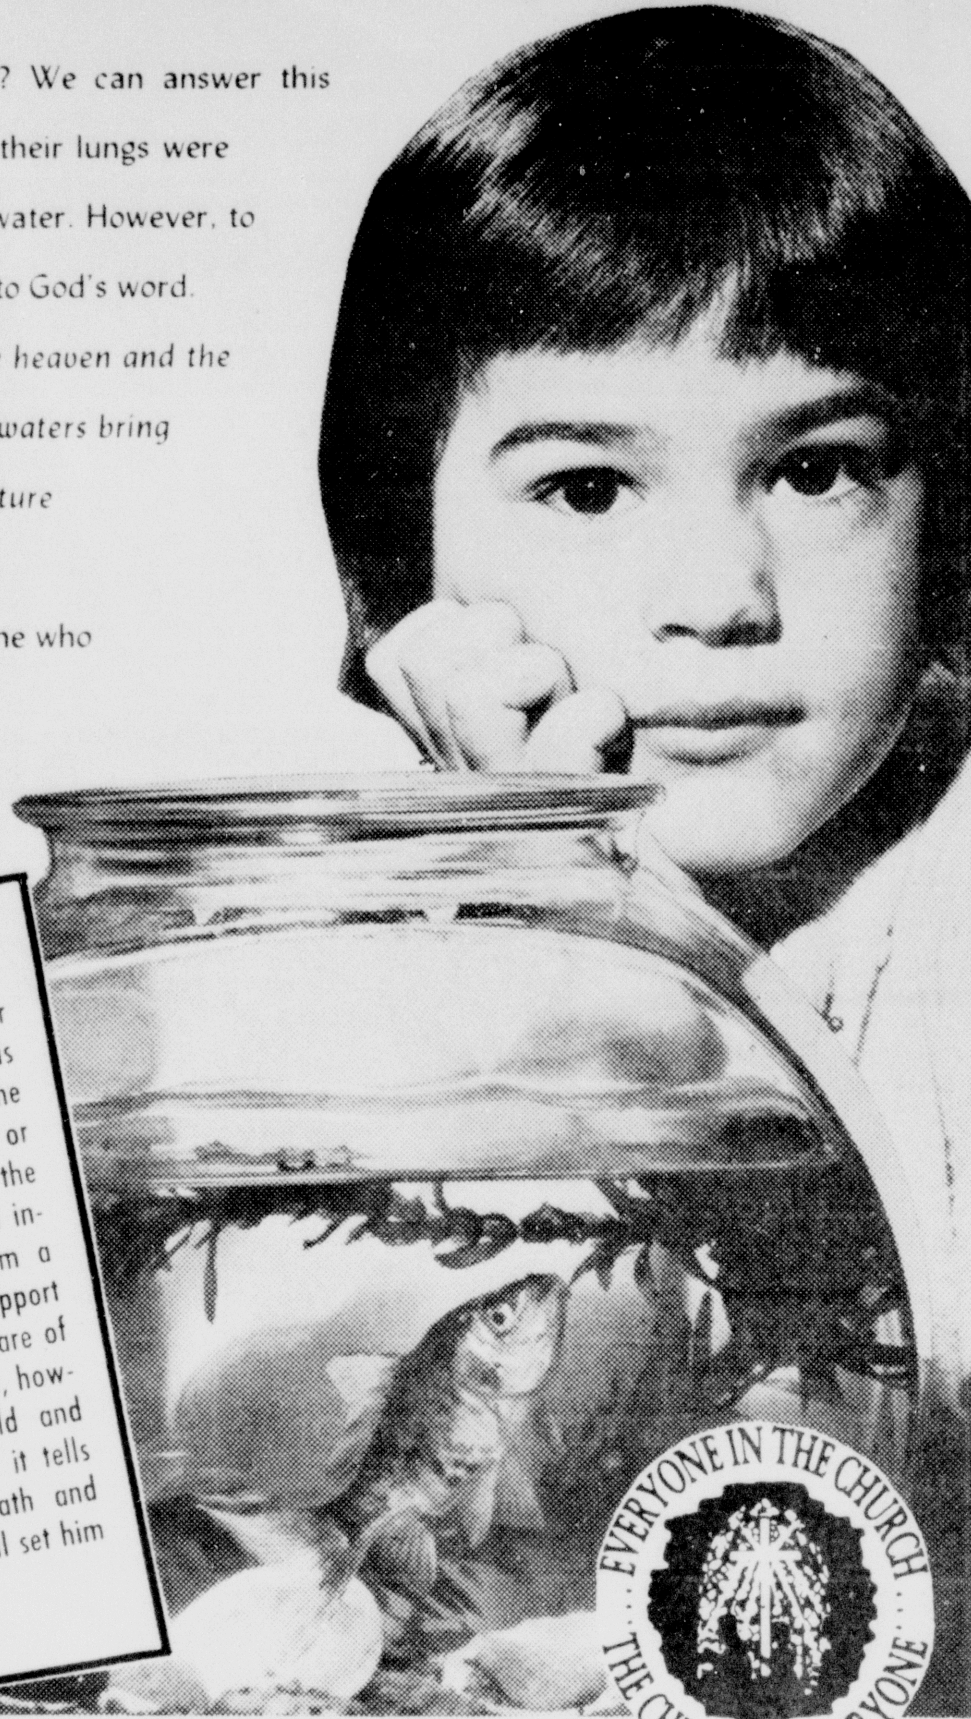

WHY DO FISH LIVE IN WATER? We can answer this question partially by saying: that their lungs were created to draw oxygen from the water. However, to know how and why, we must look to God's word.

"In the beginning God created the heaven and the earth." . . . "And God said, let the waters bring forth abundantly the moving creature that hath life . . ."

Attend Church and worship the one who created these marvels.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
